### **PRIORITIZED INTERVIEW NOTES**

---

#### **1) Social Recognition: (Motivation)-Real Risk**

Tendency to be indecisive about what is best, to shift from frustration and dissatisfaction to enthusiasm can lead them to be inconsistent, to either delay following through with contacts or closing sales because they lack confidence or to loose interest and shift their focus to something else. Test their ability to stay focused and complete their tasks.

#### **2) Role Satisfaction: (Self Starting Ability)-Situational Risk**

Tend to feel frustrated and dissatisfied, shifting from enthusiasm and energy to doubts and uncertainties about what is best. Take time to discover their priorities. Remember that they will tend to over project and promise more than they can deliver. Let them make the decision to pursue the job. Delay deciding until you are certain of their desire.

#### **3) Results Oriented: (Drive)-Situational Risk**

Cautious, skeptical and hesitant thinking can result in a lack of urgency to take action, a tendency to overlook crucial, immediate issues and to become distracted by confusion or unexpected events. Use distractions in a mock interview to test their ability to stay focused. At each step of the presentation, require them to sum up the key issues.
