### **PRIORITIZED INTERVIEW NOTES**

---

#### **1) Social Recognition: (Drive)-Real Risk**

Currently in social/role transition feeling frustrated and uncertain about what you want to do potentially leading them to miss opportunities and see the grass as greener on the other side. Remember that they are searching for a place to feel comfortable. Do not hype them. Be realistic about what you expect. Let them make the decision to pursue the job.

#### **2) Ambition: (Drive)-Real Risk**

Tend to be indecisive and uncertain about pushing ahead leading them to delay decisions, to put off presentations and closings potentially missing sales opportunities. Require them to demonstrate how their past successes illustrate their ability to act on their priorities. Remember that they are looking for purpose, so be careful not to hype them.

#### **3) Persistence: (Self Starting Ability)-Real Risk**

Tend to be in a holding pattern uncertain about which course of action is best leading them to delay decisions, to miss buying signals and sales opportunities and to lack a sense of urgency to close. Remember that they are looking for purpose and energy. Do not let your purpose and energy become theirs. Let them decide to choose the job.
